

SIR JOHN DEANE'S
SIXTH FORM COLLEGE
1557

12 November 2021

Dear Parents / Carers

Next week is national Road Safety Week 2021. In support of this programme in our Personal Development sessions we will be celebrating the work of our road safety professional and explaining how we can all play a part in making journeys safer for everyone.

To support the campaign, Northwich fire station are coming onto the college campus on Wednesday 16th November with a "think" car. This is a car that has been involved in a real incident. They use this to interact with students outside as they are passing, draw their attention to the damage that can be caused to a vehicle during an incident and hopefully engage in a meaningful chat which will ultimately make them safer and more cautious drivers in their younger years.

We wanted to make you aware of the theme of the sessions and should your child have concerns about this subject please ask them to speak with their Progress Mentor this week.

Yours sincerely,

A handwritten signature in cursive script that reads "Stephanie Dean".

Stephanie Dean
Assistant Principal
